But Ordinances Passed

Zoning Debate Heated

BY MARGO CRABTREE
Tanglewood aldermen passed a zoning ordinance Tuesday unanimously over the protest of Lake Tanglewood, Inc. officials who requested the councilmen give the company time to present a concrete plan for future development.

"I believe we have a mandate from the people to pass this zoning ordinance," Alderman E. M. Blackburn declared.

Jim Fletcher, a resident of Tanglewood and president of Lake Shores, Inc., an organization of property owners in the resort type town, urged the council to pass the ordinance.

"I urge the adoption of the ordinance as it was read and published as a mandate of the people," he stressed.

"Nothing has been done in 10 years toward planning and zoning Tanglewood, and it is overdue," he said. "We are falling behind instead of going ahead if we

don't pass the zoning ordinance."

Fletcher cited several examples why he felt immediate zoning was necessary.

"Our dump ground is a disgrace, and if something isn't done about it soon I am going to ask the county health officer to close it," he promised.

"We were told by management that mobile home parks are in the plans for development out here," Fletcher said. "We moved here for permanent residence, and a mobile home isn't what we want here. I am not against mobile homes, but I am against them in our city," Fletcher stressed.

Ron Brooks, vice president of the Lake Tanglewood, Inc., asked the aldermen to give the company a definite period of time in which to present specific development plans.

"We are just asking that you not pass this ordinance

until we have an opportunity to present to you definite plans for this area," Brooks urged.

"We are not passing this ordinance in any punitive action against your company," Blackburn noted. "We are protecting ourselves from anyone who wants to bring in a trailer or other structure we don't think would fit into our town."

In passing the ordinance unanimously, Mayor James "Doc" Potts said to Brooks, "When you have something concrete, I assure you we will consider amending the zoning ordinance."

Appearing with Brooks was C. J. Taylor, Amarillo attorney, who represents Lake Tanglewood, Inc. and First National Corporation.

Brooks told the council, "We want to cooperate. We don't want to get involved in lengthy, legal problems, but if we are not given what we feel is fair consideration, we may have to take such action."

"I believe you would be foolish, Ron, if your company began litigation without first bringing your plans to the council for their consideration," Dean Watson, resident and an Amarillo attorney, said.

The new ordinance calls for Tanglewood to be a "family-type resort area."

The ordinances will keep the village zoned about the same way it presently is zoned. Three classifications of zones will be used for property and construction.

Zone A will be used for permanent, single-family residences around the lake, cliffs and hills.

Zone B will be used for commercial establishments, service and recreational buildings and includes the areas where the clubhouse and related facilities, shop building, parking area and golf course are presently located.

Zone C is the "dump ground" and includes trash, refuse and garbage dumping areas now being used at the northeast section of the village limits.

No mobile homes or trailer courts would be permitted within the village limits, but a village resident with a permanent home there could park his trailer on his property.

In other action Tuesday night, Dr. Hugh Bob Currie, (see ZONING, page 7)

A stroll in the rain is a rare sight in West Texas these days, and Mrs. W. J. Wooten, Sr. of 1010 Sixth Ave. took advantage of the cloudy skies and cool weather to do some shopping. Canyon skies were covered Monday & Tuesday and temperature cooled the scorched farm land.

Hospital Question

Vote Is Tuesday

Voters of Randall County Commissioners Precinct 3 will decide the fate of an \$800,000 bond issue and establishment of a hospital district at the polls next Tuesday.

Voting will be at Canyon Community Center with Mrs. D. M. Foster acting as election judge. Polls open at 8 a.m. and close at 7 p.m.

A total of 18 ballots have been cast in absentee voting which closes at 5 p.m. Friday.

To qualify to cast a ballot voters must be 18 years of age, registered to vote and must have been a resident of Texas a year, the county six months and of Precinct 3 on election day.

Plans call for construction of a 50-bed hospital at a cost of about \$1.5 million. Members of the temporary hospital board say Hill-Burton funds will be sought to supplement money raised through the bond issue.

Some 100 persons attended a mass meeting last Friday night as a panel made up of Dr. Dudley Moore, Dr. Charles Nester, Bill Sternberg and Vernon Harman with Clarence Eugene Thompson as moderator discussed the proposed hospital district and bond issue.

The crowd was told that the present hospital here in Canyon is in danger of losing accreditation which could affect its certification for use by Medicare patients.

Rhett Plank, Canyon attorney, asked if it would not be possible to remodel Neblett Memorial Hospital to meet present needs.

Architect William O'Connell, who is to draw plans for the new hospital, said this route would be extremely expensive and well nigh impossible.

Sternberg said an exhaustive study was made on feasibility of remodeling and enlarging the present hospital but the idea was discarded as impractical and upon advice of the State Department of Health.

Plank also objected to passing the bond issue at the present time because of agricultural and economic conditions.

Ray Grimes, Neblett administrator, told the crowd he believes a new

hospital could be operated on a paying basis in such a manner that its day to day operation would not be a financial burden. (see VOTE, page 7)

42 Entries Highlight Celebration Saturday

BY MARGO CRABTREE

Forty-two entries are scheduled for the annual Canyon Days Celebration parade Saturday morning to kick off a day-long list of events, including a barbeque, bike contest, pet contest, dancing and games.

Shepard Air Force Marching Band will lead the parade at 10 a.m. from in front of the First National Bank on Fourth Ave. followed by the Hereford High School High Steppers Drill Team.

The parade will end in Conner Park, where the yearly barbeque will be served beginning at noon.

Randall County Historical Survey will make a presentation to the county during ceremonies in Conner Park immediately preceding the barbeque. Governor Preston Smith has proclaimed the week of July 18-24 as Randall County Historical Appreciation Week, as part of the Canyon Days Celebration.

Barbeque will be served by members of the Canyon Chamber of Commerce and the Women's Division of the Chamber. Woody Pond is heading the cooking crew for the food.

Adults will pay \$1.50 for the dinner, and children \$1.

The Air Force Marching Band will present a concert during the barbeque in the park. They are being picked up, transported to Canyon and driven back to the Amarillo Air Terminal, courtesy of the Pleasant Valley Baptist Church in Amarillo.

Registration for a Rotary Club sponsored pet show will be at 1 p.m. in the park. Three categories will be judged during the contest: dogs, cats and others. The Most Unique pet will be selected in the Other division, and the biggest, smallest and best trick will be awarded in the Dogs and Cats divisions. Judging will begin at 2:30 p.m.

Canyon High School Band members will man concession booths during the afternoon in the park to earn money to go to the international music festival in Vienna, Austria in 1972.

Patriotically decorated bikes will be judged at the park following the barbeque and parade. Awards are being given by the Red Carpet Hostess Service.

During Saturday afternoon, games will be sponsored featuring three-legged and sack races.

Canyon Capers is sponsoring a dance at 8 p.m. on the Palo Duro Shopping Center parking lot with Knox Day (see CANYON, page 7)

L-L Game Postponed

Little League All-Stars game scheduled for Tuesday night was canceled and will be played tonight at 7:30 p.m. in Dimmitt.

According to League president Richard Pruett Canyon's all-stars will face the winner of the Dimmitt League and Castro County League tilt.

Jack Harris To Oklahoma

Jack Harris, defensive coach for the West Texas State Buffalo football team under Joe Kerbel for eleven seasons, is moving to Norman, Okla., where he will enter the land development business.

Harris is leaving the coaching field after some 25 years of coaching and teaching.

Ever popular on the football field and on the campus, Harris was well known as Sleepy. He was with Kerbel at Breckenridge before coming with him to West Texas State.

Big Board Meets Here In August

For the first time since it was established, the Coordinating Board, Texas College and University System, will meet in the Panhandle on the campus of West Texas State University Aug. 27.

Wayne Thomas of Hereford is chairman of the board having been appointed to that position by Governor Preston Smith early this year.

Thomas, a Hereford attorney, is a graduate of West Texas State.

Agenda includes a request for a school of veterinary medicine at Texas Tech and a request by the Waco campus of the Texas State Technical Institute for a baccalaureate degree program.

Thomas said sessions of the board will be held in the Activity Center.

P-P Board To Act Aug. 3

At a meeting set for Aug. 3 the Panhandle-Plains Historical Society executive board will act on an announcement that the Nita Stewart Haley Library is to be withdrawn from Panhandle-Plains Museum.

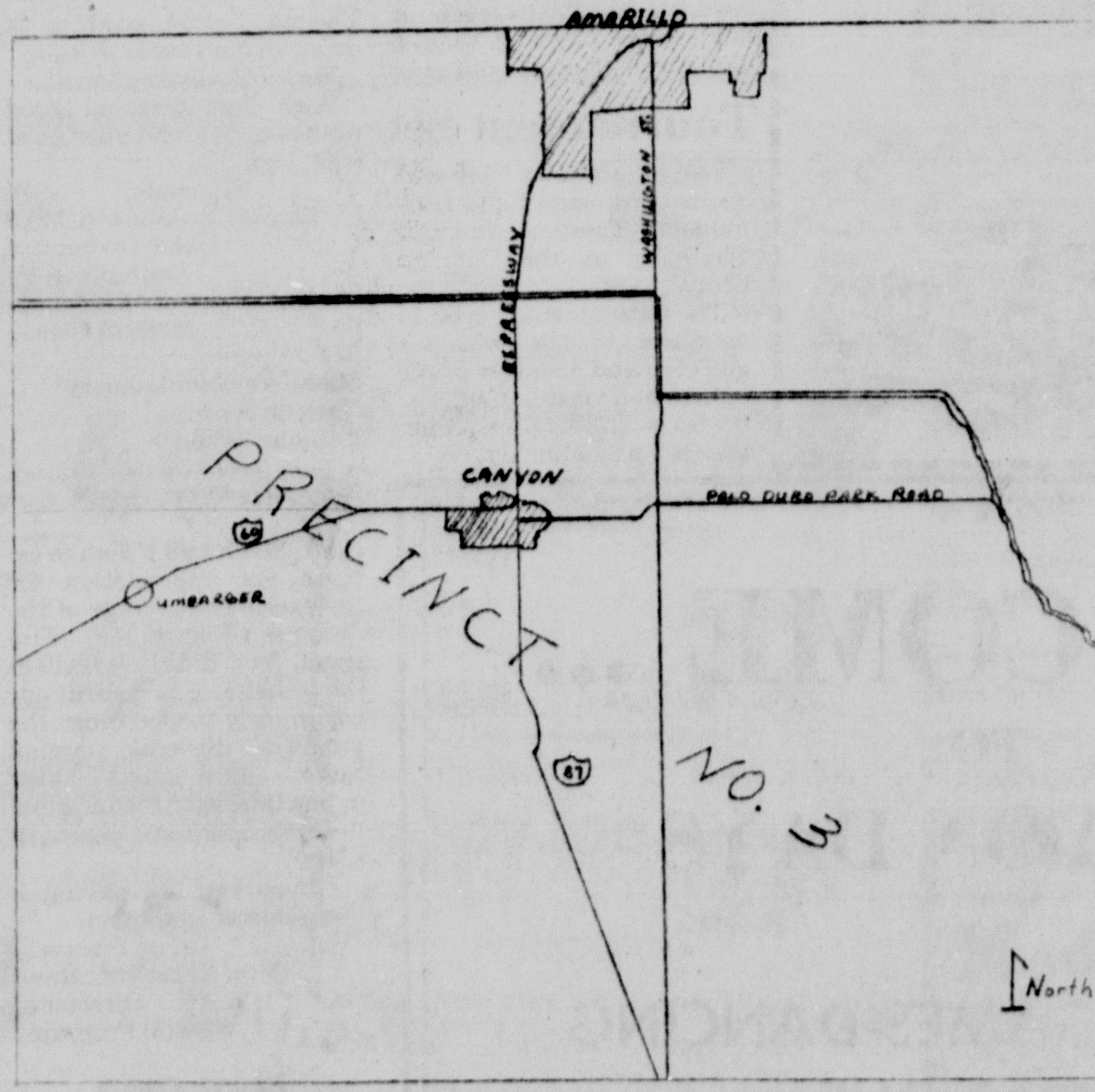

Virgil Patterson, society president, said plans for the meeting remain tentative. Museum Director C. Boone McClure has notified members of the board but answers have not yet been received, he said.

The Nita Stewart Haley Library, a Texana collection, was placed on loan to the museum by J. Evetts Haley, Sr., in memory of his late wife. Trustees have announced plans to remove it by Sept. 1.

Patterson said a museum budget for the year beginning Sept. 1 also will be discussed at the meeting which is scheduled for 7:30 p.m. in the museum board room.

The society president said Dr. James P. Cornette, president of West Texas State University, is expected to attend the meeting as is former State Senator Grady Hazlewood.

It was not known at press time whether Haley would appear before the board in connection with the library withdrawal announcement. Haley reportedly is in the Azores at the present time.

Above is a map of Randall County showing Precinct 3 comprised of the southern two-thirds of the county. The precinct includes voting precincts 1 through 7.

Unchanged At \$1.05

Commissioners Keep Tax Rate

Randall County commissioners Monday left the county tax rate unchanged pegging it at \$1.05 to which it was lowered last year.

The diminishing state ad valorem tax will be 32 cents making a total of \$1.37. County taxes are levied on 17 percent of valuation.

Dr. A. J. Luquette who organized the Canyon summer recreational program for youth told the court he would like to see the county contribute \$400 to \$500 toward the program.

Luquette said Canyon has fantastic resources and a

number of qualified people. He said about \$8,000 is being spent this summer on the recreational program in which he spearheaded organizing.

He said the city contributed \$2,500 and Canyon civic clubs \$150 each. Work study students from West Texas State University are employed in the program with the federal government picking up a substantial portion of the bill.

Luquette said he hopes to see the program expanded next year. Youngsters from all over the Canyon Independent School District including Gene Howe School and extending into South Amarillo (see TAX, page 7)

Don Mitchell Jones

Old Joe was a good mule and at age fourteen had earned his retirement, but from that time he made a damned nuisance around the place.

Mr. and Mrs. R. E. Marshall will be driving their antique Model A car in the Canyon Days parade Saturday as one of about 12 from the Texas Panhandle chapter of the Model A Club of Amarillo. Marshall owns Marshall Auto Shop and has been working with cars for 66 years. The Marshalls are also members of the American Antique Car Association and recently returned from a diamond jubilee of antique cars in Dearborn, Mich.

FROM THE CANYON RIM

I think people are looking harder for happiness now maybe than ever before in history. Evidence shows that it is harder to find.

Affluence hasn't helped a great deal.

Even with money in their pockets people are finding that it isn't enough.

A friend of mine told me about talking to a filling station operator up in the foothills of the Rockies. The station operator was telling of vacationers who try to buy gasoline on credit on the way up to the mountains.

They say they'll pay for it on the way back.

"There they are, thousands of them," he said. "Trying to make the mountains so they can relax a little. They rush around trying to have a good time and about all they succeed in doing is in fooling themselves, if they're lucky."

I sometimes wonder if we know what we're looking for.

The Communications Workers of America have been on strike the past few days. They have been seeking a 25 percent increase in wages. I think this is high but I understand it. I don't blame them for bargaining in the best way they can for as much of the national income pie as they can get.

The thing I don't understand is their demand for re-

irement at the age of 55. I don't think a person who wants to retire at 55 is interested enough in what he's doing to be turning out a good job.

I can't believe that any great number of CWA workers seriously want to retire at 55.

I'm just seven years short of that mark myself and I can't think of anything any more terrifying than the prospect of having to quit

Businesses Remain Open Until 9 p.m.

Canyon Downtown Merchants Association is sponsoring a street dance tonight on the square at 7 p.m.

Businesses around the square will remain open until 9 p.m.

Cryptic Blue Band will play for the dance. Other activities during the evening includes a cake walk and the Canyon Eagle Band will man concession stands on the square.

Proceeds from the games will go to the 1972 Vienna, Austria fund. Band students are raising money to attend the international music festival in Austria next summer.

my job in seven years.

Richard Nixon is going to Red China some time within the next 10 months.

Mr. Nixon is commander-in-chief of the U.S. armed forces. I can't help wondering how the American soldiers facing Red Chinese machine guns in Vietnam will feel about their leader shaking hands with the people responsible for the death and imprisonment of thousands of their buddies.

Four Amarillo schools have been closed and some 1,200 children will be bused across the city to effect racial balance.

This will be tremendously expensive to the taxpayers of Amarillo Independent School District.

Remember when the politicians were trying to sell us on federal aid to education 25 years ago? Remember how they told us that federal aid absolutely would not bring federal control?

Cast Members Vote Awards

Most Consistent actor and an Impy Award is given weekly to cast members of the musical drama "TEXAS".

Jerry Williams, who plays Tuck in the summer spectacular, received the first Most Consistent Award for his performance, and Ron DeVoe was presented the award the second week when he took Williams' place for three nights.

Recipient of the Most Consistent Award the third week went to Tyler Herring who plays the male lead Calvin Armstrong.

The Impy Award went to Bill Townsend the first week when he lost his horse during the show.

Dave Schuette received the Impy Award for the second week as the Bearded Lady. Schuette took a female rider's place dressing as a girl and putting a scarf over his head — Schuette has a beard.

Travis Dean received the Impy Award for the third week, when he was almost run over by the ranch house during the performance.

Most Consistent award is a plaque shaped like a boot with "TEXAS 1971." Impy Award is in the shape of a horse shoe.

Dean Kelly, who originated the idea for the awards, said the 100 persons involved in "TEXAS" select the winners of the awards.

Tournament Set

Canyon Country Club will sponsor a women's golf tournament Tuesday through Thursday at the Country Club.

The tournament is open to members of the women's golf club and members of the ladies' golf association. Entry fee is \$2. Deadline for entries is 5 p.m. Monday.

Letters To The Editor

Dear Sir:

The head line on your Sunday paper is very misleading and it is a bald faced lie. No one's medicare is in danger because of our hospital. You know this. Why are you trying to brainwash people and scare people into voting for the bond issue for a new hospital? You know it will only be a first aid station. Every one will go to Amarillo where there are plenty of facilities. The doctors are there and they are not about to come to Canyon to work.

Another lie is that the wood framing of the present band aid hospital prevents it from accepting medicare patients. This is just not so. I have been working in a hospital at Lockney that is of frame construction, in fact is some old barracks remodeled, they put in a sprinkling system and are accepted.

Quit lying and brain washing and trying to scare folks. R.A. Smith

Dear Dr. Hill:

Through our interest in the "Canyon News" which I also read cover to cover, I was delighted to discover that your autobiographical notes are nearing publication date. Please put me on your list of unfilled orders.

My parents, Dr. and Mrs. Lee Johnson, still live in Marshall where my father is on the faculty at East Texas Baptist College. This does put them close enough so that we can run over on the weekends and see them with a fair degree of regularity. All three of my "little" sisters are married — Margaret helping to raise wheat, cattle, wolfdounds, and children in that order of frequency near Shattuck, Oklahoma; Ocoee has been living in Chicago with her engineer husband but is presently moving to Austin where he starts back to school for a Ph. D. in medical biophysics. Ethel is in Marshall where her husband is with a steel fabrication plant.

We had kept up with Mrs. Harris Cook but had not seen her in recent years. Mrs. A. K. Goodman has been a fairly frequent visitor to Marshall and we have seen her there. H. R. and Thelma Fulton paid us a quick visit a year or so ago. We think of you often. With best personal good wishes to you and your good wife, I am

Our World

BY ANN BROWN

Twenty-five years ago, the majority of good Americans probably considered themselves liberals.

Liberal meant generous, tolerant, and broad-minded, and was associated with individual and economic freedom.

But like the word hussy, which simply meant housewife some hundred years ago, the meaning of liberal has changed.

What liberals preach still coincides with the original meaning of the word; what they practice is another

Rites Held For Mother Of Resident

Services for Mrs. Tracey Britt of DeQueen, Ark., mother of Mrs. Wayne Wirt of Canyon, were held at 2 p.m. July 14 in DeQueen.

Mrs. Britt, 64, had been hospitalized in DeQueen General Hospital following a heart attack. She died July 12 in the hospital. Burial was in DeQueen.

Mrs. Britt and her husband had lived in DeQueen before moving to Gary, Ind. They returned to DeQueen in December, 1969, when he retired. She had been active in Eastern Star and First United Methodist Church of which they were members.

Survivors include her husband, Tracey Britt of DeQueen; two daughters, Mrs. Wirt and Gwendolyn Britt of Albuquerque, N.M.; one brother, Charles Prince of DeQueen; two grandchildren and one great grandchild.

Cadet Michael R. Collinsworth, 21, is receiving six weeks practical work in military leadership at the Army Reserve Officers' Training Corps advanced summer camp at Ft. Riley, Kan., through Friday.

Collinsworth, son of Mr. and Mrs. Ralph B. Collinsworth of Pampa, is a student at West Texas State University.

story.

In the name of free speech, liberals demand any philosophy be proclaimed on the college campus — regardless how destructive it may be to the students, the college, the nation, or the world.

But — if any speaker dares present a viewpoint contrary to that of said liberals, he may be shouted down with the vilest obscenities. Conservative teachers are pressured out of our schools from kindergarten to graduate.

There seems to be no place in education for freedom of choice. In the name of freedom, liberals have coerced public-school children into situations so explosive that parents and police must stand guard to save their lives. Nothing can save their learning in the midst of such chaos.

While preaching equality, liberals insist black students cannot learn unless generously mixed with white students. Every Negro should resent such an insult.

Northern liberals preach Southern integration. Southern liberals patronize private schools.

Liberals decry discrimination. Yet they are tolerant only of minority races, and generous only with OTHER people's money.

The Kennedy Clan, our

arch liberals, reportedly keep their \$ millions carefully protected in tax-free foundations.

The late Senator Dirksen was most generous with the taxpayers' money, but according to the newspapers his own fortune was left so shielded that not one penny fell into the clutches of the IRS.

Liberal legislators provide generously for the idle poor who loll in the shade. But they search ceaselessly for new taxes to lash on the backs of the workers while they bear the burdens in the heat of the day.

Liberals are determined to deprive law-abiding citizens of their guns, knowing full well they would be left helpless to defend themselves against gun-toting criminals.

Our liberal Supreme Court is so generous toward atheists, pornographers, draft dodgers, thieves rapists, and murderers that their hearts bleed at any

interference with the freedom of said individuals' devoted pursuit of happiness.

But where in our Constitution is life, liberty, and the pursuit of happiness guaranteed to criminals?

Why do liberals plead the sanctity of human life only for murderers? Are their innocent victims' lives not sacred?

Liberals advocate abolition of the death penalty, contending it is no deterrent to murder. (They are unable to prove their contention, of course.) But even liberals must admit executed murderers do not kill again.

It is obvious our liberals are preaching tolerance while practicing the most biased intolerance.

But is that any worse than our "conservative" administration boldly advocating welfare reform while it quietly pushes through legislation to double the number of people on welfare.

Calling a leopard a pussy cat will not change his spots.

Gene Howe News

BY PAULINE HEFLEY
Permit me, if you will, to persevere a serious vein of thought for a few moments. It would appear that almost every other week we extend our heartfelt sympathy to someone here in the Gene Howe area because of the death of a loved one. But until last school year our losses had been almost negligible. Then we suffered the loss of two darling students at Gene Howe. And now, our special friends, Quain Palmer, who had been a student at Gene Howe six years and was to start in the Canyon Junior High this fall, and Winton "Wink" Campbell, the husband of Darlene and father of Kelly and Darla, and brother-in-law to Raydelle Palmer.

I am sure all of you share with this writer and these, our friends — the Palmers and the Campbells, the grief and heartache over their untimely deaths. Occasionally, just occasionally, someone comes our way that is such a delight and joy, someone who continues to be a ray of sunshine on a dreary day, someone who furnishes a smile when surrounded by frowns, someone who so wraps himself around your heart that you can't explain it. — Thus were our friends, Quain and Wink. In the words of William Shakespeare... "Good-night, sweet prince, parting is such sweet sorrow." To our friend, Donnie Palmer, who has been returned to Northwest Texas Hospital in Amarillo, we send the biggest get well wish ever, and we hope that you, Donnie, will soon be fit as a fiddle.

Congratulations to Betty Oglesby who was named the Realtor of the Month by the Amarillo Board of Realtors. Pete Solbrig's Pack 130 of the Weebelos spent last Saturday night camping out. Those going along for the fun were Kelly Dozier, Allen Johnson, Kyle Balke, Bart Solbrig and special guest, Kirk Balke. Understand Mr. Balke, "Dick," played the part of supervisor. Sounds like the boys had a great time and everybody ended up in the mud, which has go to be just plain fun in a boy's world.

Girls Tryout For Show At WTSU Sunday

A search is on for Francisca — the only woman who will appear in the sound and light show scheduled for this fall in the Pioneer Amphitheatre in Palo Duro Canyon State Park.

Tryouts for the high-spirited, unpleasant wife of one of the Spanish soldiers will be at 1 p.m. Sunday in room 202 of the Student Activities Center on the West Texas State University campus.

Eddie Thomas, director of the show, invited men who were unable to try out last Sunday to come this week to tryout for the male parts.

Thomas also noted that screen filming will be done at 3 p.m. Sunday and persons wishing to be in the film, but not in the show should be at the activities center.

Assembly Of God Having Revival

Assembly of God of Canyon is having a revival this week ending Sunday night with Evangelist David Hines as guest speaker.

The visiting evangelist is from Grass Valley, Calif., and served in Africa for 4½ years as a missionary.

Services begin nightly at 7:30 o'clock and Sunday services are at 11 a.m. and 7 p.m.

The public is invited.

home now and feeling better and aside from looking bungled up, everything is pretty well back to normal. Cora, we certainly hope so.

Welcome to the Ingram family who will be living in the Gene Howe area and had formerly lived in Amarillo proper. Understand they have two boys and one girl. The Ingrams have purchased the McMennamy home. The McMennamys have purchased the John King home, which was a former McMennamy home, and the Kings are moving to Lubbock. It doesn't take a whole lot to confuse me, but that will qualify. Best of

luck to the King family and keep in touch.

Kyle and Kirk Balke are taking swimming at the Amarillo Aquatic Club.

Jodi Hefley's horse stepped on her foot Sunday and she had to have it X-rayed for a possible broken bone at the Emergency Room of the hospital. But good fortune was with her — it was only bruised, so she's wearing an elastic support and moving around more gingerly.

The Edgar Sellers are having the most delightful time with their houseguests, Buddy Polson and his wife Jeanette, and their eight children, and the Polson's

housekeeper, Ana. The Polsons live in Bilbao, Spain, and Ana speaks little, very little, English. Bet there is lots of joviality at the Sellers', and chances are, an occasional breakdown of communication.

A big get well wish to Brother A. C. Lyons, pastor of the Hollywood Baptist Church, who has been quite ill. We certainly hope he is much improved at this writing.

Y'all send me your latest happenings 376-9853 or 352-2089. Thanks, and remember, life is like an ice cream cone — you have to learn to lick it. . .pmh.

Larry Miller, 22, is home on leave with the U.S. Marine Corps visiting with his parents, Mr. and Mrs. Leroy Miller of Canyon. Miller, 1969 graduate of Canyon High School, reports back to duty Aug. 5, and will be sent to Okinawa. He is a corporal in the armed forces.

All-Stars Win Game

Babe Ruth All-Stars trounced the Top of Texas League Monday 16-0 in the first game of the all-star tournament in Pampa.

The boys were to play again Wednesday at 6:30 p.m. in Pampa. They will play the winner of the Oklahoma League.

If they win the Wednesday night tilt, they will play again Friday night, if they lost Wednesday they play Thursday evening in Pampa at 6:30 p.m.

Seven Pictures To Be Dedicated In Ceremonies

Dedication of seven new pictures for the courthouse will be made at 11:30 a.m. Saturday in Conner Park following the Canyon Days parade, said Judge Woody Pond, member of Randall County Historical Survey Committee.

Mrs. Ples Harper will dedicate a picture of Coronado. Tom Christian will dedicate pictures of Col. Charles Goodnight and Mrs. Good-

night. Pictures of L. G. Connors and Mrs. Connors will be dedicated by Dr. James P. Cornette and the Rev. Bill Foil. Boone McClure will dedicate a picture of the T. Anchor Ranch Headquarters.

A picture of Clarence Beckman which will be hung on the second floor of the new courthouse will be dedicated by Ed Wieck. Beckman was a county commissioner of Precinct 2 longer than any-

one else had been, Pond said. H. R. Fulton will make introductions.

The other six pictures will hang in the lobby of the old courthouse.

The Canyon Days barbecue will follow the dedication ceremonies.

Mrs. Clyde Warwick, chairman of the committee, was in charge of the dedication ceremony. She will not be present at the ceremonies, however.

Cindy Friemel, left, clerk at the tax office, and Kathy Brown, county judge secretary, question the possibility of hanging the picture of Col. Charles Goodnight in the upstairs courthouse hall. Seven pictures will be dedicated during ceremonies at 11:30 a.m. Saturday in Conner Park and will be hung in the lobby of the old courthouse.

Canyon School Youth, Uncle Die In Accident

Double funeral services for a seventh grader at Canyon Junior High School and his uncle of Amarillo who were killed Sunday in a lightning accident in the mountains of New Mexico were conducted at 2 p.m. Wednesday.

Quain Palmer, 13 year old son of Mr. and Mrs. Donnie Palmer of 6729 Greenhaven in Amarillo, and Winton Campbell of 7733 Lamont in Amarillo, were buried in Memorial Park Cemetery following the services in Southwest Amarillo Church of Christ.

Gene Shelburne of the Anna Street Church of Christ officiated assisted by H.L. Gibson, pastor of the West Amarillo Church of Christ.

Pallbearers for the Palmer youth were W.W. Dalton, Wayne Hawkins, Gyle Wells, H.B. Bagwell, C.O. Hillman and Carl Johnson.

Pallbearers for Mr. Campbell were Tom Pace, Gene Blackwell, Coy Brannan, Loyd McKnight, Bill Brown and Dee Griffin. Honorary pallbearers were employees of Braniff International Airlines.

The two were killed Sunday around 1 p.m. near Red River during a thunder storm. They sought shelter under a tree while on a motorcycle riding trip through the mountains. Friends on the trip, Mr. and Mrs. Glenn Cowser of 4621 Cherokee of Amarillo, were also killed in the accident, which left the young Palmer's father Donnie Palmer hospitalized and the Cowser's daughter Anita, injured.

Mr. Palmer was transferred to Northwest Texas Hospital in Amarillo from Holy Cross Hospital in Taos, N.M. and is listed in satisfactory condition.

Sitting in a sand buggy not far away from the accident site were Mrs. Palmer and two other Palmer children, Shonda and Shane, another daughter of the Cowser's, Della, 13, Campbell's wife, Darlene, and two daughters, Kelli and Darla.

Funeral arrangements for Mr. and Mrs. Cowser are being made through Ladisau-Evans Funeral Home in Enid, Okla.

Quain Palmer was born in Amarillo April 24, 1959. He was to enter Canyon Junior High School this fall after attending Gene Howe Elementary School last year.

He was a member of the Anna St. Church of Christ.

Survivors include his parents, one sister, Shonda, and one brother, Shane, both of the home; grandparents, Mr. and Mrs. H.P. Palmer of Amarillo and Mrs. and Mrs. Ernest Wakefield of Amarillo.

Mr. Campbell was born in Amarillo July 13, 1934. He served in the Army in 1955 to 1957. He was a service agent with Braniff International Airlines, and a member of the Church of Christ.

He is survived by his wife Darlene of the home; two daughters, Kelli and Darla, both of the home; his parents, Mr. and Mrs. Garland Campbell of Amarillo; two sisters, Mrs. Betty Jane Smith of Moore, Okla., and Mrs. Annalee Patterson of Amarillo; and one brother, Garland Campbell of Houston.

Mr. Cowser is survived by his two daughters, Anita and Della, of the home; his parents, Mr. and Mrs. Hugh Cowser of Enid; a brother,

FOR INDUSTRY, FARM, HOME & BUSINESS

No Electric Power Shortage Here!!!

Use electricity with complete confidence that there's no shortage in the area we serve. We've plenty of electric power . . . and with ample reserves. If you know of an industry that is thinking of expanding or wants to relocate, tell them to come work with us. Our industrial development department is at their service in helping them to find just the right site or building. Tell them, too, that they'll have all the electric power they can use. Reddy is ready!

ELECTRICITY... IT DOES SO MUCH GOOD FOR SO MANY PEOPLE!

What's the fastest route?

One-Plus Dialing is a "superhighway" when it comes to Long Distance Calling. One-Plus is the fastest easiest way to call. It's non-stop service at its best.

Just dial 1, plus the Area Code (if different from your own), plus the number. One-Plus. You can't beat it.

calling. Everyone is invited to the dance.

Canyon city pool will be open until 10 p.m. Saturday night.

Canyon Downtown Merchants are remaining open until 9 p.m. Thursday night as part of the celebration, and most of the businesses are having promotions during the week to help promote the festivities.

Everyone is asked to wear western clothes for the activities Saturday.

Kenneth Thompson, chairman of the parade, gave the parade route as follows: east on Fourth Ave. to 25th Street; south on 25th Street to Ninth Ave., west on Ninth Ave. to the Palo Duro Shopping Center parking lot, and south across the lot to Tenth Ave., west on Tenth Ave. back across 23rd Street to 19th Street and to Conner Park.

Main attractions in the parade will include Tuggie, Ronald McDonald, the First National Bank Model A, with all three throwing candy to the kids along the route.

Other highlights featured in the parade will be the Khiva Shrine Temple motorcycle escort from Amarillo; the Khiva Shrine Temple drum and bugle corps; Khiva Clowns, Khiva Shrine Temple band; float from the Amarillo Sports Arena featuring area wrestlers; float from the Diamond Horseshoe Dinner Theatre; float from "TEXAS", musical drama; float from "They Came From Spain," a sound and light show scheduled this fall; a trampoline float from the Maverick Boys Club; Lions Club float depicting Betsy Ross sewing a flag and featuring the two Canyon clubs sweethearts; two floats from Happy featuring Little Miss Happy, and Miss Happy; Kiwanis Club float; Old Texas Opry float; Randall County 4-H clubs float; Canyon Capers float; Amarillo Little Theatre float; a float from KCAN

a Tanglewood resident, told the council cows — some of them his — were in the city, but the original contract calls for the responsibility for keeping the cattle out of the area is up to the corporation, not the property owners.

Potts requested that Brooks check into what could be done about the cattle problem.

"It would be wise if Lake Tanglewood, Inc., would fulfill their obligation," Potts said.

Action on forming a justice precinct in the newly formed village was postponed until the next meeting Aug. 17.

Brooks also reported that new management of the Tanglewood clubhouse is being sought so the clubhouse can be reopened to the residents.

"We have plans to reopen the club, and we are talking with three parties interested in leasing and managing it," Brooks told the board. "I can't give you a definite date."

Aldermen asked Brooks if the city could use the front part of the clubhouse for weekly church services.

Brooks said he would check into the legal aspects of using that part of the building.

The council agreed to the recommendation of Nelson Cash, chairman of the Franchise, Fee and Gross Receipts Tax Committee, to approve ordinances from Pioneer Natural Gas and Southwestern Bell Telephone Co.

Pioneer Natural Gas has offered a 3 percent franchise tax and would repair any damage incurred by their operations; or could be fined if they fail to repair any damages.

Tax. . .

(Continued from Page 1)

Southwestern Bell has offered a 2 percent tax, but no payment will be made until April 15, 1972.

Jim Thomas, chairman of the public health and sanitation committee, requested councilmen encourage home owners to use plastic bags for all their garbage, in order to keep down odor and blowing of trash.

He recommended that the septic tank inspection on new homes should be placed under the building permit committee.

"The septic system plan should be approved along with the construction plans for a home," Thomas said.

Aldermen agreed to take action at the next meeting.

Ray Mathis, fire chief, asked that the volunteer firemen be allowed to sell plastic bags door to door in order to encourage the use of the bags and to explain to the residents the need for the bags.

He reported that the fire truck pump is operating and the fire truck will be repainted soon. He said the fire department is requesting 20 residents to contribute \$100 in order to help finance the fire department.

"We are going to need money in order to get the fire department going," Mathis said. "But we need the department and Palisades is working with us."

Commissioner Bill Butler

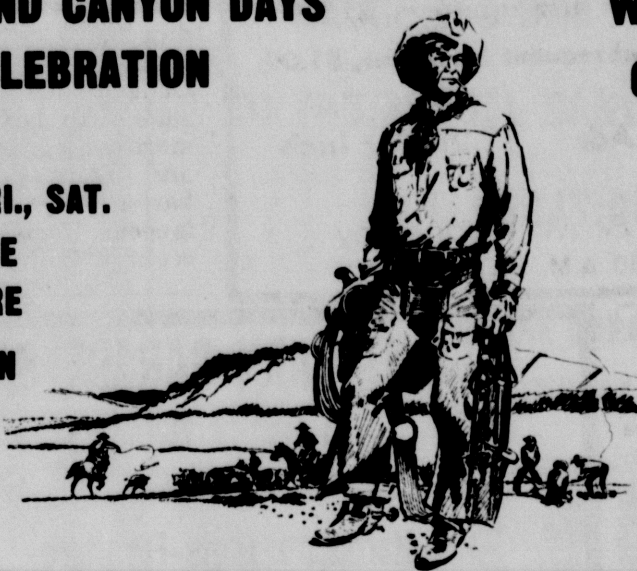

noted that this amounted to an overall \$50 a month more than had previously been paid for the position. Potter County shares in paying the salary.

The court went into executive session to discuss personnel.

nancial burden to the taxpayer.

The group also was told that taxes levied by the proposed hospital district would come to \$33.50 a year on a \$20,000 home.

Dr. Nester pointed out that it may be difficult to attract young doctors to Canyon in the future unless there is an adequate hospital here.

Members of the temporary hospital district board appointed by Governor Preston Smith include Mrs. T. G. Hull, Jr., chairman; Raymond Batenhorst, Vernon Harman, Mrs. Nolon Henson, O. H. Rahlfs, Bill Sternberg and Floyd Tomlinson.

These directors will serve until an election next April.

Girls Team Plans Trip To State Tournament

Members of the Canyon Eagles, VFW softball team

have been working on projects to collect money for the trip to Garland for the state women's softball tournament Aug. 5-7.

The girls have been collecting donations, pop bottles, beer cans, hangers, speaking to merchants to sponsor the girls and doing odd jobs such as babysitting.

"The girls have collected about 90 per cent of the money they will need for the trip," said John Braboy, coach. He estimated that the trip will cost about \$25 per girl.

The girls are planning a bake sale during Canyon Days Saturday. They are also planning a car wash.

"We're counting on the money from the invitational tournament to finance the rest," Braboy said. The girls will set up a concession stand during the invitational softball tournament here July 26-28.

WITH COLD SORES**

Cold sores are on the outside of the lips and are caused by a virus. Canker sores are on the inside of the mouth and not on the gums.

The cause of canker sores is not definitely certain. A form of strep germ has been found in such ulcers. Some experts blame injury to the tissues, caused by a tooth brush or hard foods. Others blame them on an allergic reaction. If you are often troubled by canker sores consult a physician.

R.E. Marshalls Return From Antique Car Jubilee

BY JERRY MONTGOMERY
Henry Ford's 640-acre Greenfield Village and Detroit, Mich., were exciting sites for Mr. and Mrs. R. E. Marshall who returned Sunday from a diamond jubilee of antique automobiles.

The Marshalls flew to Detroit for the 75 year jubilee of the America Antique Car Association. Owners of more than 800 antique cars were expected to bring their autos, said Mrs. Marshall, but only 639 "elaborately painted" cars were registered.

Some cars were pulled in

by trailers, some were brought in well-padded vans, and some came by their own power. A Houston man was given the trophy for having driven his antique auto the farthest distance to the meeting. The one-way trip to the meeting in the Model T took him 11 days.

The meeting began Thursday with registration. Friday all the cars lined up, Mrs. Marshall said, and were heavily guarded on a drive through Dearborn and Detroit. The car owners toured Henry Ford plants and some of General Motors be-

fore going into Clary auditorium in Windsor, Ontario, Canada for the noon banquet. More than 1,000 people were present at the banquet. One of the guest speakers told of the means of financing cars through the years.

Back in Greenfield Village, following the banquet, the antique cars were judged by more than 100 judges, Mrs. Marshall said.

In Henry Ford's Museum, the couple saw other ways of transportation, including the airplanes that first flew over the North and South poles. They also saw Henry Ford's first model car, and all sorts of tricycles, steam cars, buggies and electric cars. A sign hanging on one car read "Don't touch me unless you are in the nude. Your buckles and buttons will scratch me," Mrs. Marshall laughed.

Mr. and Mrs. Marshall had made a trip to Dallas and Graham in April for a model A show and had received the trophy for having driven the farthest distance. They have only one antique car painted a shiny blue green. They are members of the American Antique Car Association and have been members of the Texas Panhandle chapter of the Model A Club in Amarillo seven or eight years. About 12 of the Club's autos will be in Canyon for the Canyon Days parade Saturday.

The Marshalls have lived in Canyon more than 48 years and have owned the Marshall Auto Shop for 28 years. And "after 68 years in the car business, there were still many cars at the jubilee we'd never heard of," Mrs. Marshall laughed.

Umbarger News

a correspondence course in practical English. The community which Mrs. Bracht serves is proud of her diligence, capability and goodness.

Mrs. Charles Beckman is enjoying the visit of her sister, Mary Perry of Goss, Kansas, who will be staying for a month or so. The John Beckman and LaDean Adams families will be returning this week from a two-week trip in the Colorado mountains. Accompanying them were Mrs. Beckman's aunt and cousin from Brooklyn, New York.

Two "old timers" from Umbarger want to say hello via this column. Bernice Prizlas Schwartz and Marcella Prizlas Woehl welcomed this writer to San Angelo last week. They said Umbarger is still home to them.

Mr. and Mrs. Ben Koch and Mr. and Mrs. Raymond Batenhorst and Donna traveled to Rapid City, South Dakota last week to visit the ladies' sister, Mrs. L. R. Trompeter. Dr. Trompeter is a veterinarian in Rapid City.

Pistols and Petticoats square dancing club elected

their second set of officers for a six-month term last Sunday night. Heading the club will be Mr. and Mrs. Burt Wilhelm, president; Mr. and Mrs. Bill Thompson, vice-president; Susan Lindemann, secretary; Mr. and Mrs. A. H. Lindeman, treasurer; Mr. and Mrs. Willie Wieck, property chairman; Mr. and Mrs. Jim Skarke, social chairman; and guess-who reporter. Miss Peggy Haschke will represent the club at the PSDA sweetheart dance August 7 in the Activities Center at West Texas.

Whitey Voelm spends part of his full day helping his grandson Kevin learn to polish rocks. Whitey retired four years ago from Shell Oil Company and now is working full time in his own Rock Shop west of Canyon.

Whitey Voelm Spends Few Idle Days

BY MARGO CRABTREE

You don't notice his gray hair, you don't see his worn hands and his voice doesn't betray him. But the lines in his face are like "the map of Ireland" and tell of his years traveling and working throughout the world.

Whitey Voelm is ageless in spirit, priceless in conversation and endless in storytelling wisdom.

His age isn't readily revealed, although a listener pinpoints it around 68 — give or take two or three years.

And to listen to him chat and recall his varied experiences, you would be hard put to know his educational background.

"To listen to me you would never know just how much education I have," Whitey declares rather proudly. "In fact, I kill the King's English."

But he goes on with this bit of thought: "It's not how pretty you talk, it's what you say."

His sage comments embrace the difference between intelligence and education.

"Intelligence does not depend on education — there is a lot of difference."

This man, who retired four years ago from Shell Oil Company, was born in Gibsonburg, Ohio into a "seafaring" family.

His ancestors on one side of the family came from Ireland and the other side of the family were from Switzerland.

"When I was just a little guy, I was a cabin boy," he recalls of his early years. "I sailed all over the Great Lakes, washing dishes, mopping floors, cleaning, — general flunky."

"My mother was from a seafaring family so she understood my going off as a cabin boy."

He took up flying in 1918 and flew until after his 60th birthday, when he decided it was best for him to give it up.

And in the 1920's he took a job with a large copper company where he worked as a mining engineer.

"I traveled all over including Western United States, Mexico, South America and Alaska," he said. "Until Roosevelt took us off the gold standard and all the mines were shut down."

So he went into petroleum engineering and remained in that field until his retirement.

"Very few places I haven't been," he states, "including Russia. Some of these kids who don't think we have things good here should be sent to Russia and see how they like it here after being there a while."

He recalls his many offers to go into the foreign service, but "I leave that to the younger men who think there is romance and venture in foreign service."

"There is anything but romance and adventure. You are expected to work, and you end up doing most of the work. It is not a bed of roses."

And interspersed with his five trips around the world and working in every state in the U.S., Whitey found time to teach golfing at the University of Michigan and Michigan State.

"I began as a caddy, and in those days if you got more than a dime, you were in high cotton."

Rec Program To End Next Week

The summer recreation program will conclude next week with activities scheduled by several of the groups.

The drama club will perform at noon Friday for the Kiwanis Club and at noon Wednesday for the Lion's Club.

Girls in the twirling group will be in the Canyon Days parade Saturday.

A team from the Monday-Wednesday bowlers will compete in a championship tournament with Tuesday-Thursday bowling team Wednesday and Thursday. Trophies will be awarded winners of the tournament.

Trophies will also be awarded winners of a tennis match which began Wednesday and will continue next week.

All activities for the summer recreation program will be concluded by Thursday, said Sam Weaver, director of the program. "We would like to thank everyone for their support and help during the program," Weaver added.

He then got his own set of clubs, made with wooden handles, and began the game of golf.

"Back in those days you couldn't support your family on the kind of money that was paid for winning golf tournaments."

"The National Open Champion received about \$350 in 1932, and tournament winners won about \$100 per tournament."

"In those days if you played golf you were a 'panty-waist,' it was almost as bad as being in a pool hall."

"Golf was for the idle rich, and it was a game just to relax."

Whitey played in the national open tournament several times, and "had some good days and had some bad ones."

Today he still has that set of clubs with wooden han-

dles. "In fact, yesterday I played 9 holes with my wooden handled putter."

And he does pretty well on the golf course. "Shoot in the 70's some days and in the 80's others. But I always can beat him," he laughs as he nods towards his 17-year-old son, Mike, who immediately denies that brag.

As Whitey recalls his life of varied experiences his small four-year-old daughter Patricia races in and plops in his lap.

"She is named after an aunt in Ireland," he mentions in talking about this youngster who came late in life.

"We are so glad to have her, she has been a real pleasure to Maggie and me."

And after his family, Whitey thinks first of his rocks.

"I have been in the rock

business as a hobby for 50 years," he notes. "My granddaddy showed me how to cut rocks when I had to stand on a chair to cut them."

And today, his life is filled with rocks as he and his wife operate a rock shop west of Canyon. You can watch Whitey either at the polisher, cutter, back in his shop welding something, helping a customer, or sitting with his feet on a counter, talking with anyone who wants to find out how Whitey's great grandfather ran off with his master's horses and daughter, or how the old gentleman fared in a street fight when he was 103 years old over the size of a cabbage.

Somehow the tales don't seem so farfetched, after spending a few hours talking with Whitey about the experiences this varied character has had.

FACTS

South Randall County Hospital District and New Hospital Bond Election Tuesday, July 27, 1971

ELECTION:

1. To form a Hospital District within Randall County Commissioners' Precinct Number 3.

2. To authorize the issuance of \$800,000 in bonds by this Hospital District to build a new Hospital facility.

(Precinct No. 3 was chosen because it does not conflict with the Amarillo Hospital District which takes in a large portion of North Randall County.)

(The \$800,000 was selected because it is approximately one-half of the estimated cost of a new hospital. It is hoped that Hill-Burton funds will provide the other half.)

ELECTION DETAILS:

1. Date — Tuesday, July 27, 1971.

2. Place — Canyon Community Center.

3. Polls open 8:00 a.m. — Close 7:00 p.m.

4. Absentee Voting — Canyon City Hall, July 7 through July 23, 8:00 a.m. to 5:00 p.m. except Saturdays and Sundays.

5. Qualified Voters:

Must be 18 years of age;
Must have registered to vote;
Must have been a resident of Texas for one year — of Randall County for 6 months — and of Commissioners' Precinct No. 3 on the day of the election.

WHY A NEW FACILITY?

The Hospital Licensing Standards, The Conditions for Participation Under Medicare, and The Accreditation Standards all require fire resistant construction.

1. The present facility does not meet these standards.

2. The hospital's Accreditation has been reduced to a one year provisional rating and there is a danger of losing Accreditation if the hospital fails to meet the necessary fire and safety standards in the very near future.

3. The Texas State Department of Health has pointed out many

structural deficiencies which cannot be corrected in a practical manner.

WHY NOW?

1. Hill-Burton fund applications for 1972 close July 31.

2. Construction costs are rising approximately 10% a year.

3. Erratic Bond Market.

4. Active participation in a building program may allow the Foundation Hospital to keep accreditation.

A NEW HOSPITAL FACILITY WOULD:

1. Be approximately 50 beds and would replace the present 35 bed facility.

2. Continue to provide Canyon with essentially the same hospital services that are now available, including 24 hour emergency service.

3. Help attract new doctors to Canyon.

4. Continue to be an asset to Canyon's economy with its \$250,000 annual payroll.

5. Contain modern equipment for Intensive Care and Cardiac Care.

6. Be of modern design and equipped in such a manner to make the daily operations more efficient.

THE LOCATION:

1. Has not been determined. (Hill-Burton and the State Department of Health will be consulted first.)

2. There are 6 sites under consideration.

3. The site must:

Have a minimum of 10 acres.
(Four city blocks.)
Have good access to all utilities.
Have good access to a major thoroughfare.

DESIGN:

1. The firm of O'Connell and Probst of Austin have been selected as architects.

2. Approximately 95% of their work is in the hospital field.

3. They have completed several projects in this area. (The Psychiatric Pavillion, additions to Northwest and St. Anthony's all in Amarillo.)

4. They are experienced in smaller hospitals, having done several 50 bed facilities throughout the state.

HOW FINANCED:

1. The Hospital District will levy a tax to retire the bond issue and operate the district. This tax is based on COUNTY valuations and would closely follow this example.

Property with a COUNTY valuation of \$20,000 would be taxed at approximately \$33.50 per year.

NOTE:

State Advalorem Tax on County values has been reduced from 47¢ to 32¢ at the rate of 5¢ per year, and will be reduced that amount each year until it is approximately 10¢ which will remain for college purposes, or a total reduction in tax rate of 37¢ — which is more than the additional rate proposed on the Hospital District.

BACKGROUND INFORMATION:

1. Neblett Memorial Hospital is operated by a NON-Profit Corporation.

2. Neblett Memorial Hospital has been operating successfully without any outside assistance and is in a satisfactory financial condition.

3. There will be no liabilities transferred from the present organization to the new Hospital District, as they are entirely separate entities.

4. The present organization will cease operations when the District Hospital is ready to begin operations in a new facility.

5. The doctors of Neblett Clinic rent office space from Neblett Memorial Hospital at the present time and this arrangement has been a financial help to the hospital.

6. There are no plans in the proposed hospital for Doctors office space.

The Medical Staff of Neblett Memorial Hospital Urges You To Vote YES On The Creation Of The Hospital District And The Bond Issue.

Whitey Voelm spends part of his full day helping his grandson Kevin learn to polish rocks. Whitey retired four years ago from Shell Oil Company and now is working full time in his own Rock Shop west of Canyon.

Whitey Voelm Spends Few Idle Days

BY MARGO CRABTREE

You don't notice his gray hair, you don't see his worn hands and his voice doesn't betray him. But the lines in his face are like "the map of Ireland" and tell of his years traveling and working throughout the world.

Whitey Voelm is ageless in spirit, priceless in conversation and endless in storytelling wisdom.

His age isn't readily revealed, although a listener pinpoints it around 68 — give or take two or three years.

And to listen to him chat and recall his varied experiences, you would be hard put to know his educational background.

"To listen to me you would never know just how much education I have," Whitey declares rather proudly. "In fact, I kill the King's English."

But he goes on with this bit of thought: "It's not how pretty you talk, it's what you say."

His sage comments embrace the difference between intelligence and education.

"Intelligence does not depend on education — there is a lot of difference."

This man, who retired four years ago from Shell Oil Company, was born in Gibsonburg, Ohio into a "seafaring" family.

His ancestors on one side of the family came from Ireland and the other side of the family were from Switzerland.

"When I was just a little guy, I was a cabin boy," he recalls of his early years. "I sailed all over the Great Lakes, washing dishes, mopping floors, cleaning, — general flunky."

"My mother was from a seafaring family so she understood my going off as a cabin boy."

He took up flying in 1918 and flew until after his 60th birthday, when he decided it was best for him to give it up.

And in the 1920's he took a job with a large copper company where he worked as a mining engineer.

"I traveled all over including Western United States, Mexico, South America and Alaska," he said. "Until Roosevelt took us off the gold standard and all the mines were shut down."

So he went into petroleum engineering and remained in that field until his retirement.

"Very few places I haven't been," he states, "including Russia. Some of these kids who don't think we have things good here should be sent to Russia and see how they like it here after being there a while."

He recalls his many offers to go into the foreign service, but "I leave that to the younger men who think there is romance and venture in foreign service."

"There is anything but romance and adventure. You are expected to work, and you end up doing most of the work. It is not a bed of roses."

And interspersed with his five trips around the world and working in every state in the U.S., Whitey found time to teach golfing at the University of Michigan and Michigan State.

"I began as a caddy, and in those days if you got more than a dime, you were in high cotton."

"I began as a caddy, and in those days if you got more than a dime, you were in high cotton."

He then got his own set of clubs, made with wooden handles, and began the game of golf.

"Back in those days you couldn't support your family on the kind of money that was paid for winning golf tournaments."

"The National Open Champion received about \$350 in 1932, and tournament winners won about \$100 per tournament."

"In those days if you played golf you were a 'panty-waist,' it was almost as bad as being in a pool hall."

"Golf was for the idle rich, and it was a game just to relax."

Whitey played in the national open tournament several times, and "had some good days and had some bad ones."

Today he still has that set of clubs with wooden handles.

dles. "In fact, yesterday I played 9 holes with my wooden handled putter."

And he does pretty well on the golf course. "Shoot in the 70's some days and in the 80's others. But I always can beat him," he laughs as he nods towards his 17-year-old son, Mike, who immediately denies that brag.

As Whitey recalls his life of varied experiences his small four-year-old daughter Patricia races in and plops in his lap.

"She is named after an aunt in Ireland," he mentions in talking about this youngster who came late in life.

"We are so glad to have her, she has been a real pleasure to Maggie and me."

And after his family, Whitey thinks first of his rocks.

"I have been in the rock business as a hobby for 50 years," he notes. "My granddaddy showed me how to cut rocks when I had to stand on a chair to cut them."

And today, his life is filled with rocks as he and his wife operate a rock shop west of Canyon. You can watch Whitey either at the polisher, cutter, back in his shop welding something, helping a customer, or sitting with his feet on a counter, talking with anyone who wants to find out how Whitey's great grandfather ran off with his master's horses and daughter, or how the old gentleman fared in a street fight when he was 103 years old over the size of a cabbage.

Somehow the tales don't seem so farfetched, after spending a few hours talking with Whitey about the experiences this varied character has had.

Daughter Born

Mr. and Mrs. Darold Dean Smith, 418 Foster Lane, announce the birth of a 6 lb., 14 oz. daughter, Heather Rene Smith, born July 19 in Neblett Memorial Hospital.

The baby was 18½ inches long.

The couple has another daughter, Dawn Patricia Smith, 2. Smith is assistant professor of art at West Texas State University.

Mr. and Mrs. Jack A. Harms of Skiatook, Okla., are maternal grandparents. Paternal grandparents are Mr. and Mrs. Alvin C. Smith of Wichita, Kan.

Eric Murrell, member of the Canyon High School band, put in a few good whacks on the demolition car in front of the band oasis tent. The car will be in front of the tent for the rest of the week for anyone interested in beating on it. Two hits cost two bits, so they say. The car was donated by Dorris Garage.

Rec Program To End Next Week

The summer recreation program will conclude next week with activities scheduled by several of the groups.

The drama club will perform at noon Friday for the Kiwanis Club and at noon Wednesday for the Lion's Club.

Girls in the twirling group will be in the Canyon Days parade Saturday.

A team from the Monday-Wednesday bowlers will compete in a championship tournament with Tuesday-Thursday bowling team Wednesday and Thursday. Trophies will be awarded winners of the tournament.

Trophies will also be awarded winners of a tennis match which began Wednesday and will continue next week.

All activities for the summer recreation program will be concluded by Thursday, said Sam Weaver, director of the program. "We would like to thank everyone for their support and help during the program," Weaver added.

STATEMENT OF NONDISCRIMINATION

Mid-Plains Rural Telephone Cooperative, Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants of the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 90 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of Complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations.

Couple Repeats Ring Vows In Polk Street Church

Double ring vows were read at 5 p.m. Saturday in Polk Street United Methodist Church for Miss Debra Kay Persons and John Kelley Lowery. The Rev. Dr. J. Walter Browers officiated. The bride is the daughter of Mr. and Mrs. Edgar Dana Persons and the granddaugh-

ter of Mrs. H.G. Persons of Canyon. Lowery is the son of Mr. and Mrs. Ray J. Lowery of Fayetteville, Ark.

Double candelabras with orchid and white floral arrangements decorated the church.

Maid of honor was Miss Karen Fay Ehmann of Arlington. She wore an orchid empire formal-length dress. The top was layered with orchid and white chantilly lace. She carried a bouquet of orchid carnations with white carnations in the center.

Flower girl was Lea Johnson. Cris Johnson was ring-bearer.

Gregg Auld of Thunderbay, Canada was best man. Guests were seated by Richard Lowery and Bill McClain.

Presented in marriage by her father, the bride wore a floor-length gown of white satin covered with Chantilly lace, designed with sweetheart neckline and a long train of lace. The gown had been her mother's.

The bride wore a headpiece with white satin bow with tiny seed pearls covered with finger tip veil. She carried a white Bible and a white bouquet of carnations surrounding an orchid.

A reception in the church parlor honored the couple following the ceremony. The couple left for a wedding trip to Cloudcroft, N.M. They plan to live in Amarillo.

The bride is a graduate of Tascosa High School and attended West Texas State University. Lowery attended Selkirk Collegiate and Vocational Institute in Canada.

Graham-Tucker Vows Repeated

Double ring vows read at 5:30 p.m. Friday united in marriage Miss Merre Kim Tucker and Perry David Graham. The Rev. Bill Foil officiated the ceremony in First Baptist Church.

Parents of the bride are Mr. and Mrs. Tommy Tucker. The bridegroom is the son of Mr. and Mrs. Bill Graham Jr. of Dimmitt.

The altar was decorated with twin candelabras using yellow tapers and

palm leaves, flanked by two large baskets of yellow gladiolas and greenery.

Given in marriage by her father, the bride wore a formal-length gown of sheer dotted swiss. The gown featured a high waistline with front closing satin buttons and a stand up collar with lace edging. The long full sleeves were fashioned with wide cuffs and lace edging. Her three-tiered veil of illusion fell from a coil of lace flowers accented with pearls. She carried a cascade of yellow roses and white cushion mums, with baby's breath and a stephanotis.

Maid of honor was Miss Donna Ruthart. Kris Tucker was bridesmaid. They wore formal-length gowns of yellow sheer dotted swiss, with head pieces of yellow chiffon bows accented with yellow rose buds. They each carried a single long stemmed yellow mum with yellow streamers.

Candles were lighted by Terre Lynn Tucker.

Best man was Gary Crum of Dimmitt. Groomsman was Gale Crum of Dimmitt. Guests were seated by Steve Buckley, and Richard Jackson, both of Dimmitt, and Tommy Tucker.

Wedding selections were presented by organist, Mrs. Meade Humphries.

A reception in Fellowship Hall of the church followed the ceremony. For travel the bride selected a beige pant suit, with brown accessories and a yellow rose corsage. Following a wedding trip to New Mexico and Colorado the couple will make their home in Dimmitt where the bridegroom is in farming and cattle feeding operations.

The bride is a 1971 graduate of Canyon High School. Graham is a 1970 graduate of Dimmitt High School and attended West Texas State University one year.

Courtesies Fete Miss Downing

Miss Gail Downing, bride-elect of Harvey Hudspeth, was honored with a shower Saturday in the home of Mrs. Felix Pierce of 1602 6th Ave.

Co-hostesses were Mmes. Orville Hicks, Glenn Dowlen, Alfred Daniel, W. A. Gray, Richard Harren, T. V. Crounse, Elmer Oberst, Delbert Lowes, Keith Jones, H. J. Price, Bill West and B. L. Hufnagle.

Lilac and purple asters were used in the centerpiece on a table laid with a white linen cloth. Crystal appointments were used.

Special guests were Mrs. Earl Hudspeth and Elaine Hudspeth, stepmother and stepsister of the prospective bridegroom, both of Tucson, Ariz., and Mrs. Jack Downing, mother of the honoree.

Mrs. Nick Blasingame registered guests and Mrs. Scott Downing, her sister-in-law, served punch.

Mrs. Blasingame honored Miss Downing with a personal shower recently in the home of her grandmother, Mrs. Pierce.

The bride-elect's mother was special guest.

4-H Club Members Participate In Camp

Randall County 4-H'ers attended the annual county camp Friday and Saturday. Junior leaders were in charge of the camp at Ceta Glen Canyons.

Activities at the camp included swimming, crafts, sports and other recreation. Friday night recreation was planned by Connie Brazzil and Jim Grabber. Crafts were planned by Millie Hales and Glenda Hollenstein. Terry Reynolds was in charge of the night vesper service.

Attending the County Camp were David Abbott, Sherry and Susan Booth, Connie Brazzil, Johnny Crowley, Rhonda Davis, David Dewes, Alan and Jody Donnell, Jennifer Engler, Brian and Pam Friemel, Delores and Mike Grabber, Jim Grabber, Jim and Wade Grubb, Debbie, Larry and Millie Hales, Rod Hales, David and Shawn Hall, Brad, Gregg, and Neil Hinders, Glenda Hollenstein, Beth and Debbie Houghton, James Irlbeck, Del Ray Knapp, Jill Levitt, Gary and Terry Reynolds and Debbie Scott.

Adults present were Mr. and Mrs. John Brazzil, Mrs. Benny Abbott, Mrs. Richmond Hales, Mrs. Sidney Hall, Mr. and Mrs. Raymond Hinders, Mrs. Anton Hollenstein and Mrs. Earl Reynolds.

Junior leaders worked last week on a float for the Canyon Days parade. Theme this year is based on patriotism and 4-H'ers as good citizens. Those working on the float were Connie Brazzil, Jim Grabber, Linda, Millie and Willie Hales, Rhonda Hales, Glenda Hollenstein, Mrs. Anton Hollenstein and Mrs. Jones Hales.

Mrs. Perry Graham

Mrs. Johnston Hosts Meeting Of Committee

Mrs. Lewel Johnston hosted a meeting of the program committee of Chi Upsilon chapter of Beta Sigma Phi in her home recently.

The committee planned cultural programs for the coming club year. Members present at the meeting included Mrs.

Meade Michael, chapter president; Mrs. Jerry Costley, Mrs. Barbara Moats and Mrs. Johnston, committee chairman.

Mrs. Anthony Handing

Handing-Herring Vows Exchanged

Miss Nancy Herring and Anthony M. Handing were married at 2 p.m. last Thursday in St. Joseph's Catholic Church in Amarillo, with the Rev. Jim Maloney officiating the double ring ceremony.

The bride is the daughter of Leo Herring of Amarillo and the late Mrs. Herring. She is a graduate of West Texas State University.

Handing is the son of Mr. and Mrs. Anton Handing of Umbarger. He is farming in Dalhart.

The altar was decorated with daisies and gladiolas. Betty Keller presented selections at the organ.

Attending the bride were Misses Sylvia Herring of Oklahoma City, maid of honor; Jeanette Herring and

Ann Handing of Umbarger, bridesmaids. They wore light green full-length dresses of satin with chiffon

sleeves and carried daisies. The bride was presented in marriage by her father and wore a formal-length gown of Alencon lace over bridal taffeta, designed with sabrina neckline, empire waistline, long Camelot sleeves and A-line silhouette. Tiny sequins and seed pearls enhanced the neckline of the gown. She wore a veil of imported illusion and carried daisies.

Best man was Robert Handing of Umbarger. Groomsmen were Jimmy

Handing of Umbarger and Kenneth Herring. Guests were seated by Martin Herring of Plano and Dennis Huseman of Nazareth.

A reception in the Knights of Columbus Hall honored the couple following the ceremony. They plan to live in Dalhart.
